Bangkok, Thailand

First Announcement & Call for Papers

Organised By:

Welding Institute of Thailand

Jointly Organised By:

King Mongkut's University
of Technology North Bangkok

Thai-French Innovation Institute

Congress Theme:

The large volume of development activity expected for South-East Asia in the coming years, more especially in the industrial sectors, constitutes a real Challenge for the welding technology, notably in terms of Technology, Education and Quality Management.

Scope and Topics:

The sustainable development of South-East Asia depends on the continued development of infrastructure and strategic industry sectors. With this in mind, the Second South-East Asia IIW Congress will focus on fields of activity which are especially relevant to the region, such as:

- Construction
- Transportation
- Off-shore oil and gas exploration, production and beneficiation
- Petrochemical and Refinery
- Power generation
- Food and Beverage

Issues and developments in these fields of activity will be addressed. The overall aim of the congress will be to make a major contribution to industrial expansion.

Call for Papers:

Interested parties wishing to present a paper within the scope of the congress are invited to submit the title of their intended paper and preliminary abstract of no more than 200 words to the congress organizers.

Schedule for submission of papers:

Final date for Abstracts of Papers	End of August 2009
Acceptance of Papers	End of September 2009
Final date for Submission of Papers	End of December 2009

All accepted papers are to be included in the conference proceedings. Authors presenting papers at the congress will be given a reduced participation fee.

Venue:

The congress will be held in Bangkok, Thailand
Imperial Queen's Park Hotel
www.imperialhotels.com/queenspark

Social Programme:

A special tour programme will be organised within Bangkok and the surrounding provinces.
