Weld India Expo 2009

The premier event for welding and cutting industry and allied products

Welcome to the world of “**Weld India Expo**”, an exclusive showcase of the welding and cutting industry and its allied products. It is being organised by the Indian Institute of Welding (IIW) at India's premier venue, the Bombay Exhibition Centre, Mumbai from 5th to 7th February 2009.

Weld India Expo 2009 will be held concurrently with the **National Welding Seminar 2009** (NWS 2009) organised by the Indian Institute of Welding (IIW). NWS 2009 is a forum for professionals from the industry, academia, research institutions and industry captains to update their knowledge base in welding technology and network amongst business associates.

The fourth edition, Weld India Expo 2009 builds on the success of earlier editions in Chennai and Mumbai. A showcase for new welding and cutting technology / equipment and allied products. This exhibition is a unique forum, designed for you to target the right buyers and traders to stay ahead of competition.

A truly international trade fair, Weld India Expo 2009 is designed to facilitate effective interaction among several fraternities of the welding, cutting and other user industries.

Entire spectrum of Products & Technology

The Weld India Expo 2009 offers the best platform for exhibitors to showcase their innovative products and ideas to the trade and welding fraternity. The most diverse array of welding products and technology will come under one roof.

International Participation and Attendance

Over the coming months, the Weld India Expo 2009 will be promoted to attract key players in the welding industry from around the world. It is your best opportunity to establish contacts, interact with local and overseas buyers, through the concurrently running conference from 4th to 6th February at the Kohinoor Hotel, Mumbai.

Venue - Bombay Exhibition Centre, NSE Grounds.

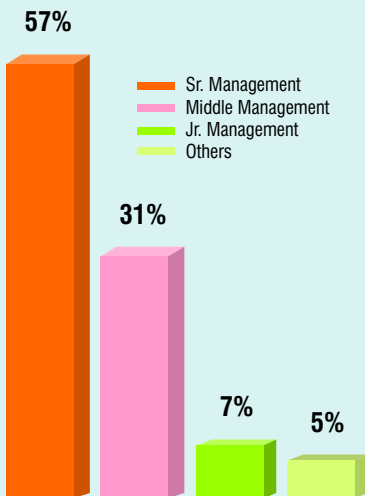

The Bombay Exhibition Centre is ideally situated along the Western Express Highway in Goregaon and within a 10 minute drive from the National as well as the International airports and 20 minute from the heart of the city. There are numerous hotels within a 15 minute radius, over six of them being 5 star. Ideal entertainment, retail shopping & sightseeing spots are also in close proximity.

The exhibition halls have ample height, good lighting, well-designed ventilation and strong flooring to withstand even the heaviest of machinery.

Utilities and infrastructure to meet demands of power, water supply and compressed air supply, telephone & internet lines are available within the exhibition hall. The Bombay Exhibition Centre has extensive car parking within the complex having serene and lush-green surroundings.

ADMINISTRATIVE POSITION WISE

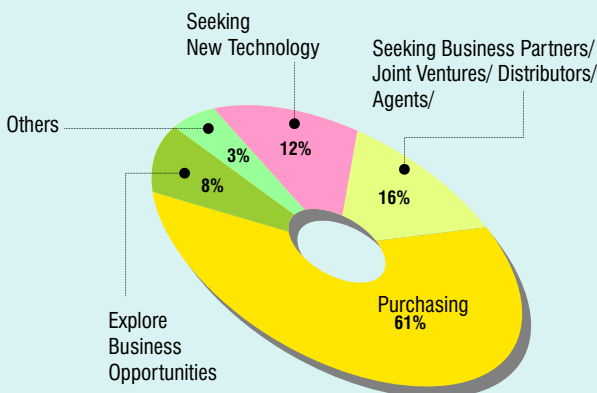

Visitors' Analysis

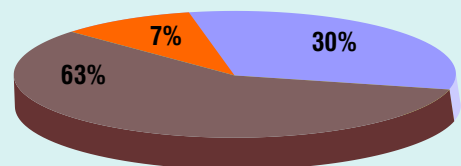

Show Highlights

- ✍ Excellent Networking Opportunity
- ✍ Platform for face to face interaction with the target audience
- ✍ Complete exhibition on welding and cutting solutions
- ✍ Know more about new technologies and developments
- ✍ Meet potential clients under one roof.

PURPOSE OF VISIT

OVERALL OPINION OF EXHIBITORS & VISITORS

- Excellent
- Good
- Satisfactory

Exhibitors and Visitors

Welding equipment and services

Electron beam, Friction, Laser beam, Plasma arc, Oxyacetylene, Ultrasonic Resistance, Capacitor discharge, Stud, Spot, GTAW, GMAW and Submerged arc welding and related control systems. Automation, special purpose machines, weld seamers, weld sensors and robotic welding. Thermal spraying and plasma transferred arc spray equipment.

Welding accessories and allied products

Safety equipment and protective clothing, Cutting equipment, Cold welding materials, Electrodes, Flux cored wires, Filler metals, Fluxes and Testing equipment, Destructive and Non-destructive.

Related Products and services

- ✦ Welding software
- ✦ CAD CAM
- ✦ Consulting
- ✦ Furnaces
- ✦ Research & Development

Visitor Profile

Engineers • Welders • Technicians • Design Engineers • Consultants • Owners • Teachers • Students • Suppliers of welding materials • Sales, Marketing and quality control personnel • and about everyone else you would expect to find at the top event in the welding and cutting industry.
