NATIONAL WELD MEET 2009

ON

FIGHTING RECESSION THROUGH

RECLAMATION & WELDING

SATURDAY, 29TH AUGUST 2009

AT

MP-HALL, BHILAI NIWAS
BHILAI STEEL PLANT
BHILAI - 490006

JOINTLY ORGANISED BY

BHILAI STEEL PLANT, BHILAI

&

THE INDIAN INSTITUTE OF WELDING

BHILAI BRANCH

THE ORGANIZERS

Bhilai Steel Plant, the flagship unit of Steel Authority of India Limited (SAIL), is an integrated Steel Plant producing steels for general construction as well as special steels catering mainly to the needs of Engineering, Power, Railways, Automotive & Defense sectors. This is the first Steel Plant in India to cross 5 MT mark. As a symbol of a "New Age" in India, Bhilai Steel Plant has been consistently performing despite several odds and has achieved profit for the twenty first consecutive years. The Golden Jubilee year of 2008 is an important milestone in the journey of Bhilai Steel Plant, a journey marked by indomitable Bhilai spirit which enabled organization to scale newer heights every year.

The Indian Institute of Welding (IIW), a National professional body of welding fraternity devoted to the promotion and advancement of welding science and technology in India was established on 22nd April 1966 with the head office at KOLKATA. Now this non-profit organization has eleven branches located at Bangalore, Baroda, Bhilai, Chennai, Cochin, Delhi, Jamshedpur, Kolkata, Mumbai, Triruchirapalli and Vishakhapatnam. The IIW has about 5000 welding professionals as members and over 300 industries as Industrial Corporate Members.

The *Bhilai branch of IIW* was established in 1992. The institute has been active in dissemination of knowledge and recent developments in the field of welding and related technology by organizing seminars, training programmes etc. It also conducts examination for Associate Member Indian Institute of Welding (AMIIW) for welding engineers which is equivalent to an engineering degree.

THE THEME AND OBJECTIVE

The present world economic crisis has its impact far and wide. India too has been affected badly. The industrial production has also fallen significantly apart from other segments of economy. In such a difficult time, most of the industrial establishments have taken various steps in struggling to stay afloat and address the crisis seriously. All the possible steps like increasing productivity, cost management, inventory control, reduction in consumables, spare salvaging etc. have taken the front seat.

To emphasize on re-use & salvaging, a National Weld Meet on "**Fighting Recession Through Reclamation and Welding**" is being organized jointly by Bhilai Steel Plant & The Indian Institute of Welding, Bhilai Branch, will be an appropriate forum for exchange of knowledge and ideas.

Illustrative list of topics to be covered under the theme:

| | |
|---|-------------------------------|
| Hard facing - A tool for Life Enhancement | Welding Defects and Testing |
| Welding Systems and Equipment | Micro - Joining |
| Repair and Maintenance Welding | Automation |
| Safety, Cost and Economics of Welding | Welding Design |
| Residual Stresses and Distortion | Modeling / Simulation |
| Welding - Case Histories | Advanced Welding Technologies |
| Welding Metallurgy | Health and Environment |

(or any other topic of relevant importance.)

INVITATION TO DELEGATES

The organizations, institutions and individuals associated with Welding Science & Technology, Consultants, Research Organizations, Academic Institutions and Equipment manufacturers / supplies are cordially invited to participate in this meet and contribute papers. The full text, in A4 size prepared in MS Word, font : Times New Roman, font size : 12 for text, 12 bold for sub headings and 14 for main heading with a line spacing 1.5 may please be sent by e-mail as well as a hard copy by post, to reach any of the contact persons latest by 30th June 2009.

SOUVENIR

A souvenir containing all the technical papers presented during this National Weld Meet will be published to commemorate the event. It shall be circulated amongst all the attending Delegates, IIW Branches and other Welding institutions & organizations. This shall definitely give wide publicity to the advertisers.

The souvenir shall contain the advertisements, the tariff details of which are given as in the box
